HARDWICK LEASE SALE MEETING HELD AT MILO

(By John Glambek)

The general or ratepayers meeting held in Milo, Feb. 3rd, was a great turn-out and every seat, and the gallery in the Oddfellows hall was taken, while quite a few had to stand. It was a fine day, the Deputy Minister of Agriculture was to speak in the basement the Ladies Aid was serving lunch while some enterprising fish-peddler from Lake Newell had brought a truck load of fish which he displayed north of the hall.

The U.F.A. meeting was called to order at 3 o'clock and the U.F.W.A. met at the same time in one of the outer rooms. After the reports of delegates to the recent convention has been received and other U.F.A. business transacted, the meeting was thrown open for the ratepayers meeting. Mr. Marvin Hulbert was elected chairman and John Glambek secretary of the meeting. Mr. Roy Allen set the ball a rolling by speaking in favor of a motion, asking the council to purchase the Hardwick lease. Mr. Allen gave an exhaustive explanation of the offer to sell, made by Mr. Hardwick. Evidently a large part of the crowd was unfriendly to the proposition and interrupted and fired questions every few minutes at Mr. Allen.

After the chairman had stated that Mr. Clegg, the Deputy Minister of Agriculture had to catch the train at Cluny to go to another meeting Mr. Clegg was given the floor. Mr. Clegg stated, that he was sorry he had such a short time. He explained the governments arrangement with the railroads for free freight on feed oats and hay and also explained the government loan to farmers for the purchase of livestock. As to the question of the municipality purchasing the Lease he said, it was a matter we must settle among ourselves, still he thought such a community Lease would be of great benefit to farmers in general.

The discussion on the lease proposition was then continued and waxed rather hot at times.

Mr. R. Broderick, one of the councillors presented a lot of figures in which he tried to prove that after 17 years the municipality would be in a hole to the extent of many thousands of dollars. Mr. Hardwick who was present, then asked permission to explain several items on the proposition. He stated that Mr. Broderick's figures were misleading and said that it would cost the municipality around \$12,000 per year to operate pay interest and principal etc. The lease would carry 5,000 head of stock Mr. Hardwick said with 5,000 head at 40 cents per head per month for 6 months of the year would pay the \$12,000, and with 4,000 head at 50 cents it would pay the \$12,000 and with 3,000 head at 60 it would pay the \$12,000. In other words the stock the farmers put in at these figures would pay all expenses and it would not cost the ratepayers one single cent in taxes.

After more discussion for and against a motion was made and carried to put the resolution on the table.

Another motion was then presented as follows: "That this meeting ask that the ratepayers be circularized with the statement presented Mr. Allen, but that in the opinion of the meeting the price asked is too high. An amendment was made to the motion viz: that Hardwick withdraws from the sale horses and machinery and all articles that would be of no use to the municipality. This motion was amended was then carried and the meeting adjourned.

MINOR CHIEF W. WHITE PUP DIED FRIDAY

Minor Chief Willie White Pup of the Blackfoot tribe died at 11:30 last Friday evening, in the reserve hospital of pneumonia. He was 43 years of age and had been a minor chief about 5 years and lived on a farm about three miles due east of Gleichen. W. White Pup was one of the outstanding younger men of the Blackfoot tribe. He was the foster-son of Weasel Calf, the last Treaty Chief to die, who for 50 years was a chief. White Pup farmed and ranched, having and was always progressive in cattle. Though he spoke very little English, he adapted himself to the modern methods of living and working and was always progressing in his ideas.

He contracted influenza a week before he died and did not realize the seriousness of his condition until two days before death, when Doctor Windson found that a serious pneumonia condition had set in. He was immediately taken to the Indian hospital where he died.

He leaves a wife, the daughter of the late head chief, Iron Shield, one girl age 12, a pupil at Old Sun School and one boy, age seven at home.

He was a Roman Catholic and the funeral services were held at Crowfoot School chapel Sunday, February 8th. White Pup was laid to rest beside Weasel Calf in the historical old Indian cemetery south of Cluny.

Willie retained the medals of his foster father. These included medals given by Lieut.-Governor Dewdney of the Northwest Territories and the Duke of Connaught. Such medals are very highly prized for the Indians have always been very patriotic and very staunch admirers of the Royal family and their representations.

White Pup was very popular among his own people and well known in Gleichen. He had the reputation of being one of the most thorough going, in his business relationships in town, of any of the Blackfoot, his word could always be relied on, and his obligations met.

He was one of the few of the tribe who stuck to the horses as his mode of conveyance, he had no desire to invest in cars with payments spread out over many months, and his gas and repair bills were as a result nil. His pay day cheques were always spent in necessities for his family of which he was very proud. His death is much regretted.

them being from outside points namely Strathmore, Cluny, Arrowwood, and Standard.

Owing to soft ice it is not expected thespiel will be finished until Friday or Saturday.

Fred Jones, Gleichens most enterprising young man dispenses pie, hot dogs and coffee at the rink. He is doing a rushing business. He said that he would sell out for \$50 and it won't take the buyer long to take stock.

HOCKEY

The magnificent sum of \$21.40 was taken in at last night's hockey game. It certainly looked like a \$50.00 crowd. A lot of fans sneaked in from the south side while the game was in progress and when the ticket collectors backs were turned. It takes money to run a hockey team so you fellows who like hockey, be a man and come forward and pay your 50c. In future games there will be no getting through while the game is in progress for sufficient ticket collectors will be on hand at all entrances. The hockey club now have \$3.00 in the bank, and owe no bills.

The best hockey game played here during the last couple of weeks was played last night between the Calgary Alyth's and the Gleichen Gunners. This was a exhibition game played before a good size crowd who were well rewarded for their trouble in attending the game. When the final bell rang the score stood 6-3 in favor of Gleichen.

The ice was very fast and both teams set a lively pace from the beginning with the Gunners playing combination more than the visitors. Gleichen made their first counter in the first period by Si McKay on a pass from Taylor. Lyons made the next counter unassisted. Tiger scored again in 10 seconds on a pass from Simpson who received the puck from Bulmer. In the second Taylor scored for Gleichen in a scramble in front of the net with the goalie out and down on the ice. Roger then made the first counter for the Alyth's unassisted. In the third Towell scored for Alyth's. Tiger for Gleichen then took a shot from the blue line and scored. Cam Brown got a pass from Si and made the last counter for Gleichen. The last goal was made by Rogers for the Alyth's on a rebound.

Bob Brown referred the game.

The Arrowwood junior hockey boys visited Gleichen, Saturday evening and played the Midgets. The Midgets winning the game with 3-1 score. Both goalies did great work and the fans thoroughly enjoyed the game. Arrowwood made their only counter in the last few moments of the game by Eshom. Schnepf and Desjardine starred for Gleichen while Norton Eshom and Bowman were perhaps the outstanding players for the visiting team. The first period opened the match with Desjardine scoring twice in a short time for Gleichen. The bell rang with 2-0 for a score. The middle period was scoreless edging Arrowwood on to harder play. The last twenty minutes was a time of hard work for both teams. Schnepf landed the puck in the net for the third counter while Eshom scored the only goal for the visitors. John Cook referred the game.

Arrowwood—Bowman, J. Norton, Eshom, Traxler, Beagle, Saunders, Williams and Lewendon.

Gleichen—Bogstie, Murray, Lester N. Schnepf, Desjardine, Clifford, Mattson, and G. Schnepf.

The Calgary Alyth hockey club and Strathmore played their final game on Gleichen ice last Friday evening. Strathmore winning the round of two games 4-3. The score Friday night being 1-0 in favor of Strathmore. G. Giroux making the only counter three seconds after the game started, on a long shot from near centre ice. Both goalies had a busy night of it. In the third the Alyth club nailed the Strathmore boys to the inside of their blue line endeavoring to tie the score but Garrett the Strathmore goalie was everywhere. Bob Brown of Gleichen referred and checked very closely.

chen referred and checked very closely.

In the playoff between the Monarch of Calgary and the Gunners the Gleichen boys came out on top. At the first game in Gleichen last Wednesday the game was tied but on Saturday night in Calgary the Gunners were going great and made the score 2-1. The Gleichen boys state that if it had not been for the excellent goal keeping on the part of the Monarch's goalie the score would have been larger. Total goals for the two games 4-3.

NAMAKA NEWS

Mr. W. H. Baker was a Calgary visitor on Friday.

Miss Grace Sheer spent the week end visiting with friends in Calgary.

Mrs. H. R. Wooster and Norman spent the week-end at their Namaka farm home.

Mrs. F. W. Woodward and children spent a few days visiting with Mr. Woodward's parents at Shepard, Alta.

Mrs. Don Eastcott and children of Okotoks have been visiting with friends in this vicinity during the past week.

The social held at the home of Mr. H. E. Johnson on Friday evening by the ladies Aid of Namaka United Church was very well attended. Games and contests were indulged in until about eleven o'clock after which a tasty lunch was served.

Another one of the dances which have been so popular here this winter will be held in the Oddfellows Hall on Friday evening, February 13th. We hope the young people will not forget the date.

A Real Business Builder

Those little helps to business—the Classified Advt.—are neglected by many people. You may have something to sell, so why not tell the townspeople about it, otherwise you are very likely to retain possession of the article indefinitely, and perhaps it is just the article that some one else has been looking for, or perhaps the suggestion will cause that someone to immediately make up his mind that its something, that he needs and must have.

There is hardly a household in Gleichen but what has an article, or maybe a half-dozen articles, that could be disposed of to advantage, and yet these articles are retained, in many cases unused and in the way, when a small classified advertisement might possibly bring to the door a buyer.

The Classified Ad. is a business getter and builder and should be used by everyone. They are inexpensive 15 words or under 50 cents first insertion and 25 cents each subsequent insertion. 3 weeks \$1.00. Over 15 words one cent per word for each insertion. Premier Brownlee Warns Against Hasty Steps Urged By Radical Forces

Calgary, Alta.—Warning against hasty steps to embrace Sovietism, secession, or currency alteration, was delivered by Premier J. E. Brownlee to United Farmers of Alberta in annual session. The U.F.A. party leader counselled ample deliberation of any steps urged by radical forces rising out of unrest, and a revival of "the old crusading spirit" of the farmer.

"Governments in Canada cannot allow agriculture to be destroyed," reminded Mr. Brownlee. "Canada cannot live unless agriculture does." He advised agrarians, however, to "consider whether it is worth while to continue farming, and how." It requires only a small reduction of acreage and a correspondingly small increase of world consumption to wipe out the bugbear of overproduction, he said.

"What about secession?" asked the premier. "The difficulty in the West is that we have too much wheat. Would you sell it under secession? Where? And what would you sell it for?" He stated that in some parts of the province propagandists are urging all the good things in the Russian system, and he questioned that their advice should be followed. He told his audience they could have in Alberta anything that is had in Russia, if they deemed it best, "by the simple expedient of your votes."

"Don't think that by some change in Canada's financial policy—currency—we can in one year pass from bad times to good times," warned Mr. Brownlee. He did not wish to suggest that he was satisfied with the Canadian financial system, he said, and was not sure that those who are in a position to be trustees for depositors are the best to handle credit.

Creditors pressing for collection would be one of the country's most acute problems if Canada should have 70 to 75-cent wheat next year, Mr. Brownlee believed. He foresaw the need for organized effort to solve this difficulty and to work out a scheme regarding tax arrears to keep farmers on the land.

The government of Alberta is apprehensive of a crash in livestock prices next year, if over-production follows efforts toward mixed farming, Mr. Brownlee averred. He mentioned that he had immediately offered co-operation with the plan of F. W. Beatty, K.C., for a loan fund for aiding livestock purchase, though he did not agree with some aspects of the plan.

If the prairie premiers' proposal for a fixed price for wheat sufficient to prevent loss, but not large enough to increase production, had been accepted by the Dominion government, Mr. Brownlee believed, agriculture would have been saved at a cost probably not larger than expenditures already authorized for relief.

Would Ban Beer Parlors

U.F.A. Want All Beer Parlors Abolished In Alberta

Calgary, Alta.—Immediate action to abolish Alberta's beer parlors, either by legislation or by plebiscite, was urged in a resolution passed at the annual convention of United Farmers of Alberta. Both the U.F.A. and the women's section of the organization had previously condemned beer parlors and sought a plebiscite.

The stand of the convention endorsed the request of the Alberta Prohibition Association for abolition of beer parlors, and labelled beer halls as a menace to the social and economic life of the province. "The time has come," stated Norman Priestley, newly elected U.F.A. vice-president, "to strike another body blow at this traffic."

Large Telescope For Canada

Second Largest In World To Be Installed At Toronto University

London, England.—Sir Howard Grubb Parsons and Company, optical engineers of Heaton, near Newcastle-on-Tyne, have secured an order for a 74-inch reflector telescope which is to be installed at Toronto University.

It will be the second largest in the world. The largest is at the Mount Wilson Observatory in California, which has a 100-inch reflector. There is a 72-inch reflector at Victoria, B.C.

Canadian Trade Decreased

Unfavorable Balance Shown For Twelve Months Ending December, 1930

Ottawa, Ont.—Canada had an unfavorable balance of trade of \$103,109,126 for the twelve months ending December 31, 1930, according to figures compiled by the Dominion Bureau of Statistics.

There was a falling off in both exports and imports during 1930 as compared with 1929. Imports amounted to \$1,008,479,479, compared with \$1,298,992,692 in 1929. Exports of Canadian goods amounted to \$885,906,369 as compared with \$1,182,412,313 in 1929, and exports of foreign goods to \$19,463,987 compared with \$25,926,117 in 1929.

CANADA WHEAT SURPLUS DATA IS REVEALED

Ottawa, Ont.—Wheat surpluses in exporting countries of the world are reviewed in a statement handed out by the Dominion Bureau of Statistics recently. Canada's surplus is given at 253,000,000 bushels. Other important exporting countries have surpluses which are estimated as follows: Argentina, 200,000,000 bushels; Australia, 165,000,000 bushels; United States, 241,000,000 bushels. The surplus in Russia is not known, according to the statement, but it has been estimated that 1,157,400,000 bushels has been harvested.

The figures given reflect the situation during the month of December as far as foreign statistics are concerned, while the situation in Canada is covered up to the middle of January.

"Surveying world situation from a Canadian viewpoint, no marked increase in demand is visible," the review states. "European countries, apart from France, will not increase their imports to any great extent. It will be remembered, however, that France has undertaken that between seven and nine million bushels of wheat will be imported during the season. From August 1 to December 31 last, the Canadian exports to France amounted to 3,739,877 bushels.

"Germany's policy with regard to imports of foreign wheat is identical with that of France, the endeavor being to force consumption of rye as bread and as a mixture with wheat. The net result in these two countries is that native wheat is selling at prices from \$1.67 to \$1.87 per bushel, while good North American wheat cannot be imported at the very low price of 65 to 70 cents per bushel."

It is stated in the review that the Argentine surplus will have to be disposed of as soon as possible, account of inadequate storage facilities. At the present time inclement weather in the Argentine is hindering large exports and also deteriorating qualities. Inadequate storage facilities are also the case in Australia which will result in that country selling in the open world market. Australia, however, is also experiencing inclement weather. With respect to Australia, a new outlet has been found in India which is taking large imports from the Antipodes.

With respect to the United States it is stated that that country is not at present a competitor in world markets in spite of large wheat stocks. Russia has forwarded 72,208,000 bushels through Black Sea ports since August 1, but recent export shipments have fallen off. It is forecasted, however, that increased shipments will be forthcoming during the winter.

Non-European countries are expanding their wheat imports, according to the review and continued dry weather in India should mean a better demand for wheat in these countries. The Orient is looked upon as an outlet for Canadian wheat.

The opinion is expressed that with seven months of the crop year remaining, the surplus of 253,000,000 bushels in Canada is not unreasonably high. Attention is drawn to the fact that the five year average export for the seven months ending July 31, was 141,115,554 bushels or 20,159,365 bushels per month. There has been a continued improvement in the exports of wheat and wheat flour during the first five months of the crop year.

No Official Calls In Cuba

Change Necessary In Program For Prince Of Wales

Havana.—The Prince of Wales and Prince George, who are making an 18,000-mile tour of Spanish America in behalf of British trade, will not leave their ship when it reaches Havana, January 31.

The British legation has informed President Machado that because of the shortness of time available here and the court mourning for Princess Louise, a change in program had been necessitated which would prevent their paying any official calls in Cuba.

Despatches from their ship, the "Oropesa," which left Vigo, Spain, yesterday morning, say the princes are enjoying their trip and participating in the ship life with other passengers. The "Oropesa's" first stop is at Hamilton, Bermuda.

Empire Council To Be Formed With Headquarters In London, England

London, England.—An empire dairy council with headquarters in London, England, will be formed according to a decision made by the Royal Empire Society.

The main objects of the council will be to co-ordinate the interests of the dairy industry throughout the empire, to take steps to protect the home and overseas empire producers from unfair foreign competition and to deal with immediate and urgent questions affecting butter and cheese.

U. F. A. OFFERS PLAN TO ASSIST THE PRODUCER

Calgary, Alberta.—Request that Canada's government take over the 1930 wheat crop, paying producers in wheat certificates, was entered at the annual convention of United Farmers of Alberta. The certificates, it was proposed, would be redeemable in wheat and receivable in payment of taxes.

Payment in certificates of a price to producers approximating cost of production, was advised in the resolution advanced by George Bevington, of Winterburn, agrarian authority on finance. Actually, explained Mr. Bevington, the wheat certificates would be read "trade dollars," not necessarily based for redemption on wheat, but good outside Canada for any commodity produced in the Dominion.

William Irvine, M.P. for Wetaaskwin, associated himself with Mr. Bevington in the resolution, which was approved unanimously by the delegates representing more than 18,000 Alberta farmers. Other important resolutions sought an early parity of wheat exporting countries to seek stabilized wheat production and export prices, and a packers' and livestock men's meet to gain an agreement with Britain for regular monthly minimum shipment of livestock and dairy products.

The proposals were contained in a lengthy memorandum from the U.F.A. board of directors entirely after a full day of debate. The document, as supported by the convention, asked tax and interest reduction, farm relief, credit reform, market extension and tariff revision.

British Policy In India

People Of India Disposed To Judge New Constitution On Merits

Calcutta, India.—Referring to Prime Minister Ramsay MacDonald's statement at the close of the Indian Conference in London, England, the newspaper "Liberty," which represents some sections of the Nationalist Congress, admitted there were passages which revealed the anxiety of the British government to introduce some elements of popular responsibility in the Indian administration.

The newspaper, of which Subhas Chandra Bose, mayor of Calcutta, and president of the Bengal Congress, is a director, said, however, that the people would judge any new constitution by the ordinary test of how far it would ensure responsibility in practice, taking into account the proposed reservations.

Subhas Chandra Bose is at present serving a prison sentence for his activities on behalf of the Nationalists.

Russian Wheat Imports

British Government Holding An Investigation On Question

London, England.—The House of Commons witnessed a brief outburst over the question of imports of wheat from Russia.

In reply to a questioner, Rt. Hon. Christopher Addison, minister of agriculture, said the British government was examining the question of importation of wheat from Russia and its effect on British agriculture. He was unable to say, however, when the British government would issue a statement of the outcome of its inquiry.

Western Exhibition Officers

Winnipeg, Man.—N. W. Kerr, K.C., Brandon, Man., was elected president of the Western Canada Association of Exhibitions at the closing session of the annual convention here. C. M. Baker, Calgary, was named vice-president, and S. W. Johns, Saskatoon, secretary-treasurer.

Hail Insurance Losses Heavier Last Year

Report States Many Companies In Alberta Forced To Withdraw

Toronto, Ont.—Canadian hail insurance losses were heavier last year than in 1929, but not so heavy as in 1927 and 1928, it was stated here by delegates to the Canadian Hail Insurance Companies' convention.

Several losses in Alberta had caused the withdrawal of many companies from Alberta, delegates said, and unless certain legislation sought by the companies was enacted, many more Alberta companies would be forced to withdraw.

Building New Roads

United States To Spend Huge Sums This Year On Extensive Program

New York.—New roads long enough to circle the globe will be built in the United States by the straining muscle of some 300,000 workmen this year at a cost not far short of a billion dollars.

Upwards of 9,000 miles of the approximate 25,000-mile total will be hard surface. This is exclusive of 11 states in which highway commissioners could make no mileage estimates.

Winnipeg May Have More Representatives

Increase Of Two Seats In Provincial House Contemplated

Winnipeg, Man.—Increase in Winnipeg's representation in the provincial government to 12 seats is contemplated by the Bracken administration, it has been learned in authoritative circles. At present the city has ten seats in the legislature on a basis of proportional representation. The government, it is stated, plans to bring the suburbs of St. James and Kildonan within the city representation, adding two seats.

SUNDAY SCHOOL LESSON

JESUS THE GREAT PHYSICIAN

Golden Text: "Surely He hath borne our griefs, and carried our sorrows."—Isaiah 53:4.

Lesson: Luke 4:31 to 5:39.

Devotional Reading: Isaiah 53:1-6.

Explanations and Comments

The Cure Of Peter's Wife's Mother, 4:38, 39.—Leaving the synagogue where He had preached and had restored the demoniac to sanity, Jesus went to the house of Peter to find all greatly alarmed over the high fever of Peter's mother-in-law. They appealed to Jesus for help, and not in vain, for He stood over her and rebuked the fever, and she was so completely restored to health that she arose and ministered to them.

The Cure Of All Sorts and Conditions Of Ailments, 4:40, 41.—The fame of Jesus spread, and friends of the sick brought them to Him, and were not disappointed, for He healed them all. How did He do it? We cannot explain it. Dean Brown does so partially: "He aimed to secure the co-operation of the expectant hope and confident trust of the patient. He worked in atmosphere of sympathy and faith. When He found Himself in an atmosphere of unbelief, 'He could do there no mighty work.' He added to that widely resident impulse toward recovery the power of His own wise, loving personality. And somehow these energies availed for the recovery of many from their ailments. 'Violations of natural law.' Rather the addition of a higher force which altered the possibilities in that situation as men had sensed it!"

Preaching and Healing In Galilee, 4:42-44.—When day came, Jesus went away to a lonely place for prayer (Mark 1:35), but the multitudes followed Him, and sought to prevent His leaving them. "I must preach the good tidings of the Kingdom of God to the other cities also," He declared, "for therefore was I sent." Did the demand upon His healing power present a very real temptation to Jesus? Did His sympathetic heart make Him yearn to give all His time to the sick and afflicted? May He not have wrestled in prayer for strength to turn from the joy of healing to the far greater work of preaching, the work for which He was sent? The proclamation of the good tidings of the Kingdom of God was of infinitely greater importance than the healing of men's bodies, and, strengthened by prayer, Jesus left His clamoring crowd from Capernaum and went about Galilee, preaching in the synagogues.

The Cure Of A Leper, 5:12-16.—One day a leper came and, falling on his face before Jesus in reverence, cried, "Lord, if Thou wilt, Thou canst make me clean." With infinite compassion Jesus touched the loathsome sufferer and said, "I will; be thou made clean," and immediately the leprosy left him.

All the schools are state-supported but in cases of the non-provided school, the buildings and property of a religious community are concerned.

Sir George Perley Is Envoy

Will Represent Canada At British Empire Exposition In Buenos Aires

Ottawa, Ont.—Rt. Hon. Sir George Perley will represent the government of Canada at the opening of the British Empire Exposition at Buenos Aires by the Prince of Wales, on March 14. An announcement to this effect was made by Premier R. B. Bennett.

Sir George Perley will proceed to Buenos Aires with the delegation of the Canadian Chamber of Commerce on the steamship "Prince Robert," sailing from Halifax on February 21.

Low Marine Rate

Expect To Establish Low Insurance Rate For H.B. Route To Be In Effect Next Summer

Ottawa, Ont.—Basing their judgment on the data forwarded to the Imperial shipping committee, officials of the Department of Marine said they were convinced a sufficiently low marine insurance rate would be established for the Hudson's Bay route, to permit economic navigation next summer. The committee now is negotiating with insurance underwriters for a rate which would be in effect next summer.

Raise Standard Of Movies

Would Form National Advisory Board In Canada

Montreal, Que.—Formation of a national advisory board to work in co-operation with Will Hays' organization in the United States and the Motion Picture Distributors and Exhibitors in Canada in raising the standard of moving pictures shown in this country will be urged at a meeting of the executive of the National Council of Women, meeting in Ottawa February 4 and 5. Announcement to this effect was made at a meeting of the local council here recently.

SUNDAY SCHOOL LESSON

FEBRUARY 1

JESUS THE GREAT PHYSICIAN

Golden Text: "Surely He hath borne our griefs, and carried our sorrows."—Isaiah 53:4.

Lesson: Luke 4:31 to 5:39.

Devotional Reading: Isaiah 53:1-6.

Explanations and Comments

The Cure Of Peter's Wife's Mother, 4:38, 39.—Leaving the synagogue where He had preached and had restored the demoniac to sanity, Jesus went to the house of Peter to find all greatly alarmed over the high fever of Peter's mother-in-law. They appealed to Jesus for help, and not in vain, for He stood over her and rebuked the fever, and she was so completely restored to health that she arose and ministered to them.

The Cure Of All Sorts and Conditions Of Ailments, 4:40, 41.—The fame of Jesus spread, and friends of the sick brought them to Him, and were not disappointed, for He healed them all. How did He do it? We cannot explain it. Dean Brown does so partially: "He aimed to secure the co-operation of the expectant hope and confident trust of the patient. He worked in atmosphere of sympathy and faith. When He found Himself in an atmosphere of unbelief, 'He could do there no mighty work.' He added to that widely resident impulse toward recovery the power of His own wise, loving personality. And somehow these energies availed for the recovery of many from their ailments. 'Violations of natural law.' Rather the addition of a higher force which altered the possibilities in that situation as men had sensed it!"

Preaching and Healing In Galilee, 4:42-44.—When day came, Jesus went away to a lonely place for prayer (Mark 1:35), but the multitudes followed Him, and sought to prevent His leaving them. "I must preach the good tidings of the Kingdom of God to the other cities also," He declared, "for therefore was I sent." Did the demand upon His healing power present a very real temptation to Jesus? Did His sympathetic heart make Him yearn to give all His time to the sick and afflicted? May He not have wrestled in prayer for strength to turn from the joy of healing to the far greater work of preaching, the work for which He was sent? The proclamation of the good tidings of the Kingdom of God was of infinitely greater importance than the healing of men's bodies, and, strengthened by prayer, Jesus left His clamoring crowd from Capernaum and went about Galilee, preaching in the synagogues.

The Cure Of A Leper, 5:12-16.—One day a leper came and, falling on his face before Jesus in reverence, cried, "Lord, if Thou wilt, Thou canst make me clean." With infinite compassion Jesus touched the loathsome sufferer and said, "I will; be thou made clean," and immediately the leprosy left him.

All the schools are state-supported but in cases of the non-provided school, the buildings and property of a religious community are concerned.

Paris, France.—The French Chamber of Deputies overthrew the government of Premier Theodore Steeg, thereby serving notice that France is not going to pay \$2 a bushel for wheat when it is selling for 80 cents in Chicago and around 60 in Winnipeg.

The cabinet fell by a vote of 283 against 283, after an existence of five and one-half weeks, and straightway prepared its resignation for submission to President Gaston Doumergue.

A government plan to stabilize the price of wheat at \$2 a bushel started the fireworks. When the opposition began gunning for Victor Boret, the minister of agriculture, Premier Steeg staked the life of his entire government in defense and lost by the narrow margin of ten ballots after scenes which were tumultuous even for the French chamber.

The climax came with a vivid talk by Pierre Etienne Flandin, who was minister of commerce in the former government of Andre Tardieu.

Flandin painted a dramatic picture of the high price of wheat and bread in Paris, while the commodity is practically going begging in Canada and the United States. This appeared to make a deep impression on the deputies representing cities, so the government which began on December 13 was knocked out on January 22.

The attack was principally against M. Boret, who as minister of agriculture, was responsible for the price fixing plan.

Boret offered to leave the cabinet if that would help matters. But the group finally decided to face the interpellation as a whole and the premier's show of fight astounded parliament, for he was regarded the mildest of politicians.

In Steeg's tenure of a little over a month he received only one vote of confidence. That came on December 19, when he made his ministerial declaration.

Special Flag May Be Used

Rumor Says New Governor-General Will Fly Own Flag

Ottawa, Ont.—While official announcement is lacking, it is rumored here that with the approval of the King the next Governor-General of Canada will fly his own flag, as personal representative of His Majesty.

At present the only flag officially recognized in Canada is the Union Jack.

Cape Town, South Africa.—South Africa already flies its own national flag alongside the Union Jack, and now the governor-general is to have his own flag as the personal representative of His Majesty.

The new governor-general is the Earl of Clarendon, and his flag will consist of a blue ground on which is the royal crest in gold, with the words "Union of South Africa" above the crest and the same words in Dutch below it.

His Majesty has given approval for the use of the flag.

Realism Causes Riot

Locomotive On Movie Screen Stamped Villagers

Georovesti, Rumania.—The introduction of motion pictures into this village caused a stampede in which 12 persons were trampled, some of them being seriously injured.

A peasant audience, no member of which ever had seen a movie before, was assembled in the hall to view a cinematic thriller, and suddenly the scene flashed to a locomotive roaring straight down the track.

The engine appeared to rush out from the screen into the hall and the sight of this giant monster seemingly coming to run them down was too much for the spectators. They all made a wild rush for the door and in the ensuing frenzy all fittings of the building were wrecked.

Sentenced By Court Martial

Devonport, England.—A naval court martial sentenced Able Seaman Benjamin Towl to six months' hard labor and dishonorable discharge from the service in connection with the short-lived trouble aboard the submarine depot ship "Lucia" recently. He was the second enlisted man to be tried. Thirty men were involved.

Report Cromer Refuses Post

London, England.—It was reported unofficially that the Earl of Cromer, Rowland Thomas Baring, had been offered and had refused to accept the governor-generalship of Canada. The report was apparently from a reliable source. Lord Cromer has been Lord Chamberlain since 1922.

TIMES ARE HARD AND MONEY SCARCE

But if you have the ground ready for trees there is no reason why you should not plant some next spring when you can buy them at the low price quoted below and grown in Milo:

3000 Caraganas, 2 year, 24 inches tall per 100 \$5.00
2000 Maples, 2 year, 30 inches tall per, 100 . \$5.00
1000 Russian Poplars, 2 yr., 36 in. tall, per 100 \$10
A few Loral Willows same price as poplars.
Purple Lilacs per dozen \$3.00

I have a number of 2-year-old hybrid apple and hardy plum trees, guaranteed to grow and bear fruit the second or third year, after planting, that I offer for \$1.00 a piece or 1 dozen for \$10.00. Half apples and half plum trees if you wish. If you want any of these trees do not wait till spring as they will be sold before then.

Send in your order right away with half the price. Pay balance on receipt of trees next spring or if "hard up" pay balance after next harvest.

Town & District

When your friends visit you inform the Call.

Mrs. Thos. Plante sr. has been quite ill for the past week, with the flu.

Miss Nettie Brown was down from Calgary last night to attend the hockey game.

Pete Rishaug is back in town this week owing to the closing down on the oil well in Turner Valley.

If you know any news items such as somebody visiting in town, somebody goes away send it in to the Call.

There will be a Hockey dance at the Meadowbrook Hall on March 17 and Len Davies will supply the music.

A large crowd attend the picture show the Dawn Patrol in the Gleichen Community Hall last Saturday night.

A large number of hockey fans from Arrowood, Strathmore, Bassano and Cluny attended the hockey game last night.

Quite a few of the young people of Gleichen, attended the dance at Mossleigh, last Friday evening. All reported having had grand time.

Chas. Thompson, the local building contractor is constructing for himself a large garage and work shop at the rear of his home.

Miss Alvina Moss has returned home from a Calgary hospital where she was quite ill for several weeks. She is much improved in health.

Father McAdam formerly of Gleichen, but now of Vulcan, spent a few days last week in town visiting his former friends and Father Morrow.

Glen House is feeling much better these days having almost completely recovered from his recent illness. He attended a birthday party at Arrowood Saturday.

While skating on Lake McGregor last Sunday Mrs. S. Fintland and Jack Packwood both residents of Vulcan were drowned when the ice gave away. A sister of Mr. Packwood fell in but was rescued.

St. McKay says there will be a covered rink in Gleichen next winter. He is going to buy a piece of canvas to cover it with. Come to think of it, the canvass idea is alright.

Cam Brown is now wearing a brand new pair of silk socks the gift of Fred W. Jones. Fred offered a pair of silk socks to the Gleichen player who made the first goal in the game with the Monarchs of Calgary, on Wednesday evening of last week.

Tom Johnston, a former Gunner player who is now playing for High River made three goals in one game last week. His father D. Johnston was so delighted that he went to Calgary to see High River in action Saturday. All Gleichen fans keep their eyes on Tom. Tom says every girl in High River bought a paper to get his picture.

Const. W. Carstairs of the R.C.M.P., located at Medicine Hat, and who is well known in Gleichen left for Ottawa where he will join the party of mounties who will go to Buenos Aires to represent Canada at the British Trade Exposition there. The exhibition will be opened by the

Prince of Wales on March 14 and will remain open until April 27th.

INDIAN AGENCY
STAFF IN
NEW OFFICE

The staff of the Indian Agency, namely: Geo. Gooderham, Major Lewis and H. E. James are now located in their new office and a prouder group of men it would be hard to find.

The new building is located a short distance south west of the old office and is 36x36 and of frame construction. The basement is full size and contains the furnace and storeroom. The second floor is divided into three rooms. A waiting room 18x18, a private office for the agent 18x18, and a large main office 18x36 feet.

The building is well finished inside with plaster on the walls and hardwood floors. The old office has been in use for over 30 years and was in fact rebuilt from material used in the original building of the agency. 7 miles straight south of town. The original building was located on the flat close to the river, where the old golf course was.

In moving into the new building very interesting records in the '70's and '80's were brought to light and are being preserved.

CARROLL—WHITMORE

A quiet wedding took place on Saturday evening, February 7th, at the United Church Manse. When Rev. C. R. Corcoran united in marriage Miss Ethel Whitmore, daughter of Mr. and Mrs. Behn Whitmore, of Bowden Alberta, to Mr. William Henry Carroll of Innisfail, Alberta. Mrs. Geo. O'Bray, of Gleichen, sister of the bride acted as bridesmaid while Mr. George O'Bray supported the groom. Mr. and Mrs. Carroll will reside on the groom's farm at Innisfail.

A NIGHT WITH ROBBIE BURNS

The United Church Sunday School are very fortunate in being able to secure Rev. J. H. Garden of Calgary to give his lecture on "Burns The Poet of Human Brotherhood." The lecture will be given in the United Church on Thursday Feb. 12th at 8 p.m., and will be illustrated by a number of beautiful views of the place made famous by Robbie.

Rev. Garden is well known as a lecturer through out Alberta. Mr. Garden is a native of Scotland, and knows well the Burns' country. The Rev. gentleman will be in highland costume and will be assisted by a number of well known Scotch singers from Calgary. This will be great night. Everybody welcome.

The Great White Fleet

Canadian Pacific Empress Liners on both oceans will all be painted white when the Atlantic ships, Empress of Australia, France and Scotland have been metamorphosed to this color. The Pacific fleet always was white and the new giant vessel, Empress of Britain, now building, will be white also. With the opening of the St. Lawrence season of navigation next April, the Canadian Pacific will possess the greatest white fleet in the world. The ships are to retain the familiar buff-yellow funnels and ventilators and will have white upper works and a white hull relieved with a blue streak. Above is the artist's conception of the Empress of Britain when completed, shown on right with Chateau Frontenac, Quebec in background and the Empress of Japan, biggest ship on the Pacific. The ships were depicted by O. P. Pennington, marine artist of note and an officer in the Canadian Pacific service.
